

Keys to Securing Brownfields Funding: Learn How to Access Funding for Brownfields and Environmentally Impacted Properties in Your Community

Presented by the Department of Toxic Substances Control,
the State Water Resources Control Board and US EPA Region 9

This workshop is for local governments, redevelopment agencies, general improvement districts, community development corporations, tribes and non-profit organizations interested in returning brownfields to productive economic and/or open space use. Come and learn how to competitively apply for state and federal grants that will assist with site assessment and cleanup, and help move your projects toward the desired redevelopment outcome.

You will hear from US EPA, DTSC and State Water Resources Control Board experts about their respective grant guidelines. The workshop is intended to make the grant funding process as transparent as possible to enable you to take advantage of these opportunities to revitalize your community. Please join us on the following dates:

- **July 21 in Sacramento** – *Sacramento Regional Office - Cal Center DTSC Board Room*
- **July 22 in Oakland** – *San Francisco Bay RWQCB Water Board Auditorium*
- **July 28 in Los Angeles** – *Los Angeles RWQCB LA Water Board Room*
- **July 29 in San Diego** – *San Diego RWQCB Board Room*
